E42.	MATTINGLY , Harold et al.-1923 to 1962- British Museum Collection of "Coins of the Roman Empire" -this lot contains all six volumes (bound in eight parts) of this highly important reference. This is the 1976 reprint and all volumes are currently out-of-print. Dennis Kroh gives this set four stars and comments that Volume V (in two parts) is the most difficult to obtain and generally brings \$500 or more. All eight volumes are uniformly hardbound in red cloth, gilt, DJ, 8vo. Most sets are found in somewhat used condition, but this set is in perfect condition, making it a prized reference and sure to be a fine addition to the most discriminating collector's library.
